EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew Ricciardi on 7/21/2009.

The application has been amended as follows: In Claim 46, Line 1, "as in claim 45," has been changed to –as in claim 41–.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The prior art teaches the use of an imaging device having a semiconductor substrate and an array of pixels being constructed of multiple layers. However, the prior art does not teach wherein the electrically conductive in-pixel circuit element is formed over said optical mask layer in combination with the other structure as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
